Subject: Deficient Application for Transfer of Notice of Intention, Johansen Construction, Spartacus Mine, S/49/0094, Utah County, Utah

Dear Mr. Johansen:

On May 4, 2016, the Division of Oil, Gas and Mining received an application to transfer the referenced Notice of Intention for the Spartacus mine from Johansen Construction Inc. to Matt Shadle (transferee). The application is incomplete and cannot be processed until the following items are received.

1. A complete transfer application signed and notarized by both parties.
2. Replacement pages for the Notice of Intention showing revised ownership and control information and a signature page.

A blank transfer application is attached for your convenience. Once the complete application is received, the Division will contact both parties issuing a tentative approval letter requiring the transferee, in this case Matt Shadle, to sign a new reclamation contract and post a replacement surety.

Please contact April Abate at 801-538-5214 or me at 801-538-5261 if you have questions regarding this letter. For questions related to the reclamation surety, please contact the minerals program bonding coordinator, Penny Berry at (801) 538-5291 or pennyberry@utah.gov.

Sincerely,

Paul Baker
Minerals Program Manager
